

## H.E. Cultural Counsellor of Czech in Cairo

I would like to extend my sincere appreciation to you for your continuous efforts to consolidate and deepen the cooperation ties between our countries.

In light of the presidency's mandate to provide outstanding services to international students, the Ministry of Higher Education has launched the initiative "#Study\_in\_Egypt" to reach out all students wishing to study in Egypt. Application is now available via the new portal: <http://admission.study-in-egypt.gov.eg>.

In light of the strategic plan of the Egyptian Ministry of Higher Education, we are pleased to let you know that the Scholarship Committee at the Ministry of Foreign Affairs has allocated ( 2 ) scholarships to study the Arabic Language at ECCTA "The Egyptian Cultural Center for Teaching Arabic for Non-Native Speakers" of the Central Administration for International Students Affairs. **The study at the center starts at October 2021.**

ECCTA is targeting those who are interested in studying the Arabic language in order to have access to a high level of language proficiency via the programs provided by the Center by highly qualified teachers. The programs include trips and visits to markets, exhibitions and museums in Egypt, in addition to many other extra curricula activities.

The study at the center aims to develop the skills of writing, speaking and listening and is based on the application of the European framework of study levels in terms of graduation.
